Invitation – International Conference on AHRI Standards 1230/1231 for VRF and 550/590 for Chillers and Introduction to the AHRI Certification Verification Process

Dear VRF and Chiller Manufacturers,

In response to the growing global interests in AHRI certification and standards as it pertains to production quality control and performance certification, AHRI will hold an International Conference on AHRI Standard 1230/1231 for VRF and 550/590 for Chillers and introduce AHRI's verification procedure for programs based on selection rating software during the China Refrigeration Expo. AHRI and our partners CRAA & GMPI are pleased to invite you and your colleagues to participate in the seminar on April 7th, 2016 from 11:00am to 16:00pm at **Room W-104**, New China International Exhibition Center in Beijing.

The following standards and topics will be discussed:

1. AHRI VRF Standard 1230/1231 International Conference (Richie Mohan)
(11:00am-14:30pm)
 - New VRF Standard AHRI 1230 Updates
 - Proposal for Global VRF Standard AHRI 1231
 - a. High Temperature EER Testing
 - b. IEER Calculation for different zones

2. AHRI 550/590 New Standard Updates and Overview of AHRI's Verification Procedure
(15:00pm – 16:00pm)
 - AHRI 550/590 New Standard Updates (Bridge Xue)
 - a. New Standard Rating Conditions
 - b. New Requirement for Laboratory Testing
 - c. IPLV/NPLV Calculations and Published Rating of Chiller Performance
 - Introduction to AHRI's verification procedure for certification programs based on selection rating software (Richie Mohan)

We hope that this will be a great opportunity to exchange ideas and further improve the relevancy of AHRI's standards and certification programs. Looking forward to seeing you soon!
(Please complete the registration on or before March 25, 2016)

邀请函 - AHRI 1230/1231 VRF 多联机标准国际研讨会 暨 AHRI 550/590 冷水机组新标准和全球核验流程宣贯会

尊敬的多联机和冷水机组制造商：
您好！

为了应对全球制造商对多联机组和冷水机组产品质量控制和认证的需要，2016年AHRI在中国北京制冷展期间举行AHRI1230/1231VRF多联机标准国际研讨会，并对全新标准AHRI550/590进行解读，同时宣贯冷水机组全球核验的流程。AHRI和我们的合作伙伴CRAA和GMPI很高兴地邀请您和您的同事参加本次标准研讨会，会议时间是2015年4月7日(上午11:00到下午16:00)，地点设在中国北京制冷展展馆内(W-104会议室)。

以下是本次会议主要讨论的标准及主要内容：

1. AHRI1230/1231VRF 多联机标准国际研讨会(11:00am - 14:30pm)
 - AHRI 1230多联机新标准宣贯
 - AHRI 1231多联机标准起草
 - a. 高温EER的测试方案
 - b. 针对不同温区的IEER的计算
2. AHRI 550/590 冷水机组新标准和全球检核查程宣贯会 (15:00pm - 16:00pm)
 - AHRI 550/590冷水机组新标准宣贯
 - a. 流量法改为温差法的设计方案
 - b. 实验室新的测试要求
 - c. IPLV/NPLV计算方案和产品性能公布值的标准化
 - 全球冷水机组核验流程宣贯

我们衷心的希望通过此次的研讨会 AHRI 能够分享给各位关于全球标准的变化，更希望聆听到各位对 AHRI 标准的修订和认证规则改善的意见或建议。期待着您的加入！

(请于2016年3月25号前返回回执表)
