

INVITATION *TO*

The 1st

EU-China Symposium on
Sustainable Energy Technologies

The 2nd

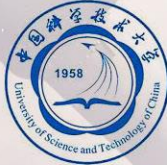

‘Belt and Road Initiative’ International Symposium
on Sustainable Refrigeration and Air Conditioning

The 2nd

UK-China workshop for Renewable Energy
and Phase Change Energy
Storage Technologies in Buildings

**29th JULY - 1st AUGUST
2018**

EVENT ORGANISERS

The University of Nottingham

APINTECH
SUSTAINABLE SOLUTIONS FOR
THE INTERNATIONAL COMMUNITY

EVENT SPONSORS

Dear Sir/Madam,

On behalf of the Organizing Committee, I am writing to invite you to attend the '**1st EU-China Symposium on Sustainable Energy Technologies**', the '**2nd 'Belt and Road Initiative' International Symposium on Sustainable Refrigeration and Air Conditioning**', and the '**2nd UK-China workshop for Renewable Energy and Phase Change Energy Storage Technologies in Buildings**', which will take place between 29th July and 1st August 2018, at University of Hull, UK. These three events will be combined and jointly organised by around 30 organisations from EU and China (**detailed in page 5**) and sponsored by the European Commission, British Council, UK EPSRC, Innovate-UK, Natural Science Foundation of China (NSFC) and Ministry of Science and Technology of China (MOST). The combined event will address the scientific advances and trends of development in renewable energy, energy efficiency, phase change material, sustainable refrigeration and air conditioning technologies, as well as potential applications of these technologies in data centres and other buildings. The event programme will include: **(1)** a dedicated inauguration session which has invited a number of important sectoral and governmental leaders from both China and Europe; **(2)** a number of key-note and specific topic sessions which will enable communication and reporting of the latest scientific achievements in the addressed topics; **(3)** a few selected industry talks which will allow the world-class business leaders to present the real world developments; and **(4)** dedicated international collaboration and youth-talents training sessions which will help promote wide range of EU-China collaboration and foster the next generation world class researchers. All these arrangements together will facilitate the collaboration between the industrial and academic organisations and personnel, and thus, speed up the conversion from new initiatives to business in both China and EU. Agenda of the event will be sent separately.

During the event, visit will be arranged to the Energy Technology laboratory at University of Hull. This will allow you to approach our latest dew point cooling and building integrated solar heat and power systems, which are reckoned to have achieved the world class standards. Other local site views are also under development.

I cordially invite you to attend the symposium in which you may give a presentation in dedicated keynote or parallel sessions. To allow us to complete the programme, please could you send an email to Dr. Zishang Zhu (zishang.zhu@hull.ac.uk) by no later than **10th April 2018** to indicate the title and time requirement of your talks.

Buffet lunches and evening dinners will be provided for 29th, 30th, 31st July and 1st August (**detailed in agenda**). To allow us to book meals and dinner tables, as well as necessary facilities for the event, please could you complete the **Acknowledgement for Attendance Form (Table 1)** below and return it to Dr. Zishang Zhu by email (zishang.zhu@hull.ac.uk) by no later than **10th April 2018**. As a delegate, you will need to pay registration fee of £350 to cover the cost of meals, local transports, symposium venues, as well as other relevant expense. The fee-paying instruction will be sent separately after we receive your acknowledgement for attendance.

Name	Date	Preferred hotel	Expected price

I assume our Chinese colleagues need special letters of invitation for visa purpose. To meet this requirement, I will provide another version of invitation letter as required.

The campus map, travels, local transport as well as hotel information are attached as well for your information.

I warmly welcome you to the symposium and look forward to seeing you soon in Hull, UK.

Yours sincerely,

Professor Xudong Zhao

Chair of

- the '1st EU-China Symposium on Sustainable Energy Technologies',
- the '2nd 'Belt and Road Initiative' International Symposium on Sustainable Refrigeration and Air Conditioning', and
- the '2nd UK-China workshop for Renewable Energy and Phase Change Energy Storage Technologies in Buildings'.
